E-Fish-Ent Fish Company Ltd. is a seafood processing business located on the West Coast of Vancouver Island in beautiful British Columbia, Canada. Our plant is federally licensed and inspected. An ongoing testing and sampling program by the Canadian Department of Fisheries and Oceans is in place for quality control (HACCP). Our products are of an all-natural origin without any added preservatives or artificial substances. Our salmon fillets are handled with utmost care, using the best ingredients available. All of our fish have been individually selected, hand cut, and hand packaged. We strive to maintain the highest possible standards. The salmon is smoked with locally grown wood for a great smoke flavor in the traditional style of the Canadian West Coast. Custom processing: We have a specialty processing and canning facility where we are able to prepare and thermally process fruits, vegetable sauces, meats or seafood. We are primarily interested in doing custom processing work and do very little in direct sales. Please see our website for more information or give us a call.
