Company Notes:

Fieldgold Gourmet Canadian mustards are produced with Western Canadian mustard seed purchased directly from the grower. They are produced by hand in our inspected kitchen in Kelowna.

No preservatives are used and the mustard is made in small batches of 60-70 jars that are each tested for quality control. All mustards have a grainy texture and sharp flavour which is the result of using fresh ingredients and minimal processing. Recipes have been developed by the original owner over a period of ten years. We are proud of the simple, flavourful goodness of our lovingly prepared products. Mustard is a natural preservative and has a long shelf life.

Below are listed our most popular varieties. Other Fieldgold Gourmet Canadian Mustards in addition to listings below include: Fieldgold Honey Garlic, Fieldgold Honey Mustard, Fieldgold Danish Mustard, Fieldgold Hot English Mustard and Fieldgold Dusseldorf Wine Mustard.

Products Available:

Fieldgold Garlic Dill Mustard - Year Round

Local garlic is used whenever possible in this popular mild mustard that is fantastic for use in dressings and with fish.

Fieldgold Chili Garlic Mustard - Year Round

Prepared using Chinese Chili Garlic Sauce.

Fieldgold Honey Lime Ginger Mustard Dipping Sauce - Year Round

Western Canadian honey purchased directly from the farmer is used in this mustard. A dipping sauce suitable for pretzels, chicken fingers or any meat finger food.

Fieldgold Horseradish Mustard - Year Round

Western Canadian horseradish is harvested and processed by hand to produce this popular, snappin' hot variety.

Fieldgold Okanagan Deli Mustard - Year Round

A sweet mustard based on the old English recipe, Tewkesbury, and named for the location of the company. A delightful take home for visitors to the Okanagan and anyone who enjoys a unique mustard.

Fieldgold Swedish Mustard - Year Round

A popular sweet and hot variety which is authentic to its Scandinavian roots.

Fieldgold Wine Wholeseed Mustard and Fieldgold Dijon Mustard - Year Round

These mustards are produced using an aging process. Wine Wholeseed mustard is aged for 6-12 months to allow the wine flavours to infiltrate the whole seeds and for the whole seeds reach a distinctive crunchy texture.
