Company Notes:

Jerseyland was BC's first organic dairy producer and on-farm processor. Jerseyland developed BC's first organic yogurts and is still produces the only non-homogenized (cream at the top) yogurt available from BC. We are an ethical producer. Our farming practices are humane, environmentally friendly, the way farms should be run in an "ideal world." We are located in the The Boundary district just east of the Okanagan in the "hot" interior dry belt. Our cheeses contain no "microbial enzymes" as these are generally genetically modified food ingredients, and we do not use them.

Products Available:

Jerseyland is certified organic and certified by the BCSPCA for humane practices. All Jerseyland beef is "grass finished". No animals are ranged on public lands - thus not damaging wildlife habitat or riparian areas. Jerseyland beef is slaughtered in a provincially licenced abattoir.
