### Company Notes:

Mountain Meadow Honey is a small locally owned and operated apiary. Our honey is 100% pure, unfiltered, raw and harvested from fireweed in the Skeena Valley Area. Mountain Meadow Honey is never heated, filtered or pasteurized. Our process allows trace pollens, vitamins and active enzymes to be present. The area where the nectar is gathered is from isolated locations with high elevations of 4,000-6,000 feet. Free from any pollution or sprays makes this a truly unique honey. Considered by bee keepers as "the Champagne of Honey" fireweed honey is known for it's pale colour and delicate flavour. To be organic the rules require the location and bees to remain constant for 3 years. Obviously our hives have to be moved out of the mountains in the winter making the certification impossible. Because of our remote locations and standards we feel we do offer the best uncertified organic honey available starting in August of each year until supplies last.

**Company Notes:**

Vista D'oro Farms offers artisanal jams using traditional cooking methods combined with distinctive flavour pairings. Our jams are produced in small batches using copper pots and in-season fruits, much of which is grown naturally on our 10-acre farm in South Langley. Our jams are made to be enjoyed with fresh baked scones, hot buttered toast, pancakes and crepes. Some of the jams are also wonderful with cheeses and as an accompaniment with pork or fowl, as well as straight out of the jar! We have created 5 flavours for each season; available in 100 ml, 200 ml & 290 ml.
